Purpose

The purpose of this Emergency and Critical Incident Management Plan (EMP) is to provide a detailed plan of how this school campus will prepare and respond to emergencies and critical incidents that may impact on student and/or staff health, safety and well-being and/or school operations.

Context

Schools have the authority to activate their EMPs when an event warrants a response. Schools should know how to access multiple information sources including the VicEmergency app, <https://www.emergency.vic.gov.au>, emergency services and/or the Department of Education and Training.

All principals and key school staff should download the VicEmergency app on their phone with a watch zone around their school to receive alerts and information regarding hazards and incidents in their vicinity.

Should the principal or school be made aware of an emergency in the local area, the principal or nominated person will consult the following sources for information:

1. Call '000' for life-threatening or time critical emergencies.
2. Contact the Incident Support and Operations Centre (ISOC) on 1800 126 126.
3. Seek support from your region/regional Manager, Operations and Emergency Management or Emergency Management Support Officer if required.
4. Check the VicEmergency app or www.emergency.vic.gov.au for up to date information on warnings and incidents.
5. Contact your Senior Education Improvement Leader.
6. Check the Department of Education and Training web site for incident updates.
